Examples of Travel Justification

Example 1

Domestic Travel - Transportation and subsistence for attendance and participation of PI, Co-PIs and students at scientific conferences in the U.S. and Canada relevant to the project goals. Funds are requested in the amount $6,000 per year to cover the cost of domestic travel for each PI, for example:

Year 1
2014 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 15-19
2014 American Physical Society, Division of Fluid Dynamics, San Francisco, CA, November 23-25
2015 American Meteorological Society, Phoenix, AZ January 4-8

Year 2
2015 American Physical Society, Division of Fluid Dynamics, Boston, MA, Nov 22-24
2015 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 14-18
2016 American Meteorological Society, New Orleans, LA, January 10-14

Year 3
2016 American Physical Society, Division of Fluid Dynamics, Portland, OR, Nov 20-22
2016 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 12-16
2017 American Meteorological Society, Seattle, WA, January 22-26

Foreign Travel - Funds are also requested in the amount $2,000 per year to cover the cost of one foreign conference in Europe or Asia (each PI would attend a foreign conference once during the period of the award), for example.

2015 European Geophysics Union General Assembly, Vienna, Austria, April 12-17
2015 8th International Congress on Industrial and Applied Mathematics (ICIAM 2015), Beijing, China, August 10-14
2016 Visit to the Max Planck Institute for Meteorology (host Bjorn Stevens)

Example 2

Domestic Travel - Transportation and subsistence for attendance and participation of PI, Co-PIs and students at scientific conferences in the U.S. and Canada relevant to the project goals. Funds are requested in the amount $6,000 per year to cover the cost of domestic travel for each PI, for example:

Year 1
2014 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 15-19
2014 American Physical Society, Division of Fluid Dynamics, San Francisco, CA, November 23-25
2015 American Meteorological Society, Phoenix, AZ January 4-8

Year 2
2015 American Physical Society, Division of Fluid Dynamics, Boston, MA, Nov 22-24
2015 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 14-18
2016 American Meteorological Society, New Orleans, LA, January 10-14
Year 3
2016 American Physical Society, Division of Fluid Dynamics, Portland, OR, Nov 20-22
2016 Fall Meeting of the American Geophysical Union, San Francisco, CA, December 12-16
2017 American Meteorological Society, Seattle, WA, January 22-26

Foreign Travel - Funds are also requested in the amount $2,000 per year to cover the cost of one foreign conference in Europe or Asia (each PI would attend a foreign conference once during the period of the award), for example:

Year 1 European Geophysics Union General Assembly, Vienna, Austria, April 12-17

Year 2 8th International Congress on Industrial and Applied Mathematics (ICIAM 2015), Beijing, China, August 10-14

Year 3 Visit to the Max Planck Institute for Meteorology (host Bjorn Stevens)
